PROFESSIONAL EXPERIENCE

Shaligram Infotech, Ahmedabad, Gujarat

June -2022

Network Engineer

- Configured Xenserver, managed Azure VMs for dynamic/static pages, ensuring seamless accessibility.
- Implemented Azure VLANs, optimizing network segmentation for improved resource utilization.
- Pioneered hybrid cloud integration, seamlessly combining on-premises infrastructure with Azure services.
- Orchestrated resources, including Azure, switches, Xenserver, and ESXi, for cohesive network infrastructure.
- Demonstrated adept application management across environments for optimal performance.
- Key contributor to enhancing efficiency on Azure cloud platform with 200+ products.
- Gained invaluable insights into cutting-edge technologies, specializing in cloud, virtualization, and network management.

Karma Foundation, Ahmedabad, Gujarat

June 2021

Web Developer

- Constructed an interactive in-web map.
- Led a research group, fostering collaborative exploration and innovation.
- Resolved website bugs, ensuring seamless functionality.
- Designed banners, templates, and engaging social media posts.

SKILLS & CERTIFICATION

Skills: Cyber Security, Information Security, Splunk, Malware Analysis, Risk Analysis, Python Scripting, Reverse Engineering, Penetration Testing, Vulnerability Assessment, Linux, Metasploit, Image Processing, Forensic

Certification: Cisco Networking Academy CCNAv7, EC-Council Ethical Hacking Essentials (EHE), Red Hat Certified System Administrator (RHCSA), CompTIA Network+ (UDEMY), CompTIA A+, IIT Bombay (Python, RDBMS PostgreSQL, Java), Data Camp

EDUCATION

Ganpat University-Institute of Computer Technology, Ahmedabad

2022-2024

Bachelor of Science in Cyber Security

- Ongoing Three-year study with Ganpat University

Govt. Polytechnic College, Jodhpur

2018 – 2021

Diploma in Computer Science,

- Completed three-year study with Govt.Polytechnic College Jodhpur

Projects

Splunk's HTTP Event Collector (HEC) Contributed to enhanced data collection and analysis capabilities within the Splunk platform, successfully created a Python script that seamlessly sends events to Splunk's HEC.

DHL Logistics Identity & Access Management Led a project to analyze and optimize identity and access management at DHL Logistics. Defined roles, policies, and workflows for 15 key roles.

Student Feedback System The project is about taking feedback from students. Our college's website has no feedback system so, I develop from them in Diploma final year.

Employee Management System This project had a complete employee's management system in java.
